## INSPECTIONS

**Prior to back fill of city water and/or sewer connection, the public works inspector and the state plumbing inspector shall see the completed work and sign off approval of the connection. A digital image of the completed sewer connection shall be attached to this application and become part of the city sewer connection records.**

It is the responsibility of the applicant to contact the public works inspector 24 hours in advance for any and all required inspections. (Please see attached card for the City of Tetonia Public Works Inspector.) It is the responsibility of the applicant to arrange state plumbing inspections, and present proof of compliance prior to issuance of Certificate of Occupancy.

## COMPLIANCE WITH REGULATIONS

Permits are issued subject to the regulations contained in the BUILDING CODE and the City of Tetonia Code, and it is hereby agreed that the work to be done as shown in the plans and specifications shall be completed in accordance with the regulations pertaining and applicable thereto. The issuance of the permit does not waive restrictive covenants.

**Excavation within a public right-of-way requires a Public Works Permit.**

The undersigned hereby applies for a building permit for the work herein indicated or as shown and approved in the accompanying plans and specifications.
